

UGANDA'S BEST INDOOR
& OUTDOOR

UNGLAZED CERAMIC
FLOOR TILE

**PAN
KAJJANSI**

Borrelli terracotta floor tile is a product manufactured by Kajjansi Brick & Tile Works Ltd. to combine the charm and tradition of handmade quarry tile products with the characteristics of modern Italian production machinery.

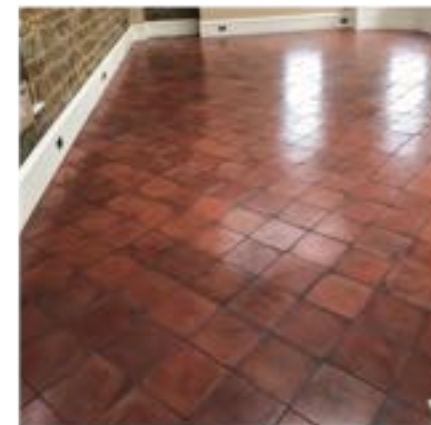

Terracotta is an extraordinary material with a great heritage. Its warm colours and textures bring authenticity and harmony wherever it is installed.

Terracotta floor tiles can be laid with cement mortar or glue and is suitable for both indoor and outdoor installations.

Water-proofing and deep humidity treatment results in a considerably reduction in water absorbance, making treatment and maintenance of the floor tiles easier.

	Kgs/unit	Width (mm)	Length (mm)	Height (mm)	Units per square meter
Floor Tile 6mmx6m	0.75	150mm	150mm	10mm	45
Floor Tile 6mmx12m	1.5	300mm	150mm	10mm	23
Floor Tile 9mmx9m	1.5	225mm	225mm	10mm	23

Terracotta's characteristic natural colour show non-homogeneous shades. This thick product can be laid with cement mortar or glue and is suitable for both indoor and outdoor installations.
